

## Sponsored Children 2018

We are now only sponsoring these four pupils; 3 girls and 1 boy.

We have news of two of our former sponsored pupils, Shervin, who started at college in Kolkata last year studying for a General BA degree in English, has passed his first year exams. His brother Tyrone, who left school this year, is hoping to be accepted into the Armed forces. The pupils we currently sponsor are progressing with their education and continue to be grateful to us for their sponsorship.

Last year there was much political agitation in the Hills of West Bengal leading to temporary closure of all schools in the region including Dr Graham's Homes as well as banks, hotels, Government offices and shops. The school had to be completely closed for four months, from June to October, thus severely disrupting the children's education. Where possible the older pupils, who were due to take their external exams, were admitted to schools in Kolkata or schools near to their family homes. They returned to Kalimpong in October and since then the teachers have been working hard to help them catch up on lessons missed.

We have two new Christmas cards; an oil painting by Anna Dennis who did the "Arrival of the Kings" for us last year and a card painted on an Ipad by Edward Donald, who is a great great grandson of Dr Graham. We thank both the artists for providing these paintings.

Thank you all for continuing to help support four young people at Dr Graham's Homes.

With best wishes for Christmas and the New Year.

**Orders:** Please use the enclosed order form.

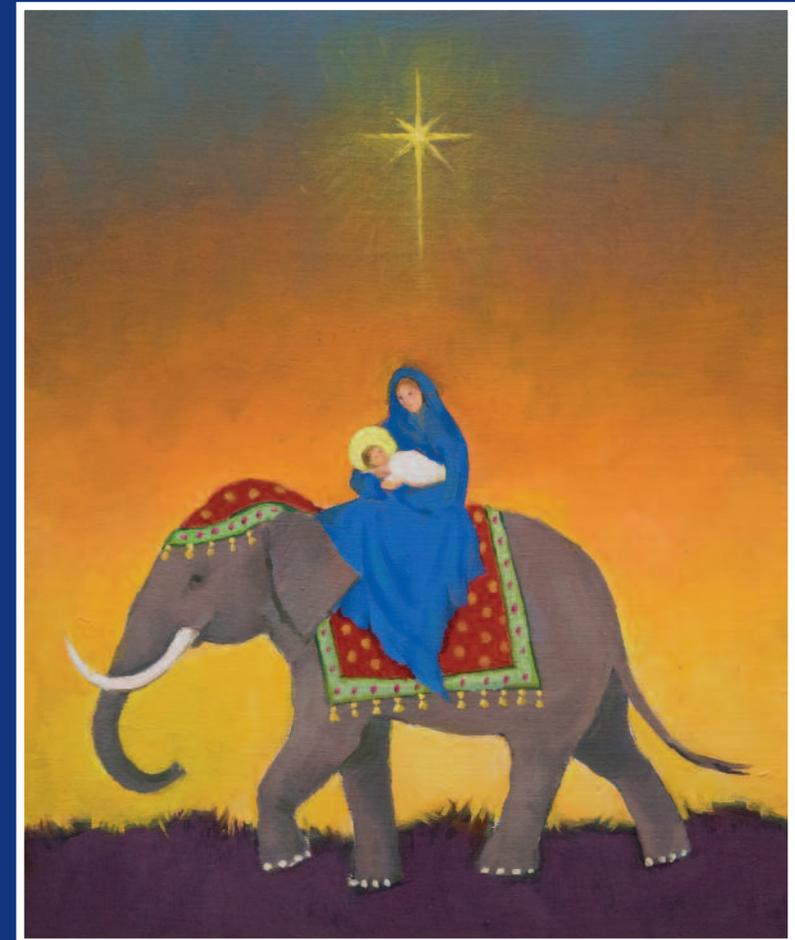

For queries or re-orders, please telephone Caroline Abel on 07910 145210
